

TECHNICAL SHEET

- **WIDTH: 1 700 mm**
- **DEPTH: 700 mm**
- **HEIGHT: 1 100 mm**
- **WEIGHT with material: 80 kg**
- **Water volume of the lower tank: 20 liters**
- **Water volume of the technical tank: 10 liters**
- **Electrical power: 75 W**
- **Length of power supply cable: 1500 mm**

EQUIPMENT and DESIGN

- **E**quipped with a specific pump for hydraulic system
Power 40 W, weight 3 kg, flow rate 3 000 l/h, thermal protection device, stainless steel components, 3-years warranty + 2-years extension
- **W**arm white LED lighting, 1-year warranty
- **S**tructure in aluminium, powder coating with resin primer, black for the base and gold for the lateral part (dismountable gabion)
- **W**ater tank in stainless steel
- **R**iver in laminated glass 10 mm and sandblasted glass 15 mm with waves effect
- **PVC** hydraulic system with anti-vibration joints, complete assembly and disassembly

OPTIONS

- **D**ecorative stones in the metallic structure (gabion)
- **LED** lighting with RGB colors and WiFi control
- **S**ound system with Bluetooth technology for musical ambiance
- **H**ome automation with SOMFY personalized systems
- **P**ersonnalisation of the sandblasted glass
- **C**olors available for aluminium structure (see RAL range)
